

MOODY'S

LENDING SUITE

Front Office

Simplify commercial loan applications across all assets with a convenient digital process.

Processing a new commercial loan application can be a manual chore with a tiresome back and forth to get the right documents and data.

Dynamic applications, guided workflows, AI-led prioritization, and secure document collection makes it easy. Let us help you create more efficient and impactful interactions between you and your borrowers.

What we enable?

PRIORITIZE EFFICIENCY

Dynamic applications with prepopulated data and automated workflow triggers ensure the right information gets to the right place. Collect information once to save time, reduce data entry errors and easily manage documents through a digital process.

FOCUS ON GROWTH

Don't waste time on bad applications and convert good ones quicker. Proactive KYC screening helps you weed out risky loans quickly so you can focus on the profitable ones.

PROVIDE A SEAMLESS CLIENT EXPERIENCE

Simplify the process for clients with a digital portal that's available when they need it. Improve your client experience by providing them with a transparent view of their documents, application status and a secure communication channel.

How we enable you?

PRE-FILLED AND VALIDATED FIELDS

Easily pull in and standardize data from multiple sources including existing documentation and core banking systems.

PROACTIVE KYC SCREENING

Access the world's most comprehensive risk database of adverse media, sanctions, watchlists, and PEPs early in the credit process.

COMMUNICATION CHANNEL

Safely communicate and request or share documents through the portal.

AG INDUSTRY INSIGHTS

Enhance your relationship with Ag producers using predictive analytics. Provide them with comprehensive industry insights, financial acumen, and forecasts.

SECTION 1071 SUPPORT

Standardize and auto-populate data for small business loans as per Section 1071. Auto-generate CFBP reports and ensure sensitive data is kept separate from credit decision-makers.

SECURE DOCUMENT COLLECTION

Upload and manage documents and automatically map and validate information.

TARGET FOR PROFITABILITY

Strategically target deals by measuring the value a client brings to a bank versus the cost to support that client.

Designed with the modern lender in mind

The Lending Suite serves targeted capabilities for C&I, CRE, SMB and Ag portfolios by leveraging the power of advanced analytics, automation, and machine learning to deliver a seamless experience.

Whether you're a small business lender or a large financial institution, our suite offers a scalable solution that meets your unique needs.
